Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner inquired on performing an Examiner's Amendment to further clarify claims 23 and 44 as all other claims were in condition for allowance. In particular, the last line of claims 23 and 44, the "repeating" step was agreed on being modified to, "repeating the converting, calculating and combining steps of claim 1" (for claim 23) and "repeating the converting, calculating and combining steps of claim 27" (for claim 44). Further claims 47 and 48, previously non-elected claims which currently maintain a withdrawn status, needed to be cancelled which was also permitted via such Examiner's Amendment.
